Manglik Dosha - A Myth or Truth .

Before going to discuss on Manglik Dosha it is important to have understanding on Mangal as a Planet. Mangal is red hot planet and known as commander among all the nine planets. Being a planet of Tamsik and fiery nature he deals in combat , energy , strength (physical) and power, Mars has command over our blood and muscles of our body. Mars is also karaka (significator) for the younger brother , sexual strength and passion. As he is very aggressive and powerful he represents courage and confidence of the native, Confidence and courage is related to initiatives (time of taking any decision) so he also keep control over the same.

Natives with stronger Mars are found to be more dynamic, energetic, courageous, and stronger that's why they found more in Army , Police or such kind of job where muscle power is needed importantly. Among 12 rasis Mars is the Lord of Arise (mesh) and Scorpio (Vrishchik) , Fighter mars gets exalted (uchha) means became very stronger in enemies sign (Capricorn - makar rasi, lorded by rigid saturn) and becomes debilitated (very weak) in sweet and cool sign Cancer (karka rasi, lorded by sweet moon). Only A great fighter can have such kind of nature. Main diety of Mangal is Lord Hanumanji, Mother Durga and Mother Baglamukhi. Ruling Direction of Mangal is south. Mars is known as son of mother earth that's why his another name is Bhumi Putra .

What is Mangal Dosha

This is very unfortunate that without understanding the logic and insights we follow the traditions and talks useless, even in the age of science , we all follow those 'people' who themselves don't know abt that. There are so many controversies about the Mangal that he is very negative and melafic planet, A stronger mars creates mangal dosha , this can give marital disharmony i.e. delay in marriage or loss of spouse after the marriage and so many things. Infact what blow blow we listen in our families we al knows.

Few days back a close relative of mine came to show chart of her daughter to me, though he was too much worried just because she was manglik and he was not able to find a good manglik guy for her, infact he lost so many very good proposals on this account. As soon he shown me her chart , which was made by a panditji at the time of her birth, I was surprised, Friends that chart was compeletely wrong , I pickup up those birth data , prepared a chart on my computer and shown him , You all will be surprised she was not manglik at all. See lake of knowledge of our became reason sufferings of that Girl, infact till then she had started feeling guilt on herself that she is 'un-lucky'.

Mangal dosha forms when mangal or mars is placed in 1st, 4th ,7th ,8th or 12th house of the chart, some of the south Indian astrologers consider 2nd house of the chart also for this dosha.

1st house or Lagna deals in self, own personality and body when Mars comes in that house makes a person very strong, dynamic, energetic, Angerfull , passionate and aggressive, From this house he directly aspects 7th house , which is the house of spouse so his nature will definitely be very dominating towards spouse, This is the first type of manglik dosha.

Mangal is energetic planet , natives spends most of his/her energies in whichever house he is present. If he comes in 4th house native spends most of his/her energies in home only, family atmosphere gets tensed and angerfull, small battles would always be there, from here too he directly aspects 4th house , i.e. 7th house again his domination towards spouse would suffer married life.

7th house deals in marriage, relationships and physical relationships , being a angerfull and aggressive planet mars fource native to spend his energies in passion or anger in

married life . Here in this house he gives fear or chances of accidents to the spouse, major issue is only that this house makes married life violent.

Eighth house is the house of death and accident, this house also shows the length of married life, Mars being a melafic and violent planet when comes to this house , his connection becomes more closer with accidents as this house also deals in the same. Here accident or death doesn't means the physical accident or death, w this can be of break or damage married life also.

12th house of chart deals in losses , secret enemies, secret desires and pleasure of bed , Here native may became very introvert , he may not be able to tell his/her desires , he may fulfill his/her desires secretly or he may became violent while enjoining pleasure, From this house too he directly aspects 7th house.

As a comman fact most of us might be knowing about all these but most of us don't know about the cancellation of these yogas, where even after presence of such combinations those natives can get married to a non manglik native or these manglik dosh gets cancelled.

1. If one has mars in 1st or 7th house then Partner's chart should not have Mars in the same house , this should always be in opposite house, for example if one has in 1st then another should have in 7th or wise versa.
2. Sun , Saturn and rahu also considered melafic planets, Natives with Mangal dosha can also be married to natives who carries presence of these planets in respective houses, better if found in opp. House for example if one has mars in 1st then he can marry to a person with Saturn or sun in 4th or 7th house .
3. Jupiter is most satvik planet , his shining is enough to remove any dosha or evil from the chart, if he is aspecting the Mars or his presence is in Lagna then Manglik dosha gets removed , these natives doesnot comes under categeory of manglik -dosha. Light of Jupiter on Mars removes all the evils or negetivity from the Mars.
4. Respected Astrologers should check properly in both charts for presence of such yogas who destroy or disturb marital peace, if it is there then proper remedial measures should be performed or suggested. Mars alone is not responsible for such distructions or disturbances there are somany other combinations but mainly those are neglected or ignored due to lake of knowledge or error in

timing. (An Article on delays or disctruction of marriges is available with me and forwarded in group on time).

5. 7th house of chart deals in marrige and spouse, Venus is the karaka for the good married life and pleasure of bed and Jupiter is the significator for the peacefull and healthy marige life, if all the all placed strongly in the chart (in quadrant (Kendra) or trine (kona)) manglik dosha automatically removed off.
6. If Mangal in a manglik chart is placed in 1st house in mesha or in 4th in vrishchik , in 7th in tauras, makar or karka , 8th in kumbh or meena , or dhanu in 12th does not produce evil, Those charts doesnt comes under Manglik charts.
7. If Dispositor of Mangal i.e. lord of the sign in which mangal is placed , is placed in Kendra or aspacted by the Jupiter then also evil elements of Mangal gets removed.

Lets take an example , in chart of bhagwan shri ram Mangal is placed in 7th house in his exaltion (uchha) position, though he is placed in makar rashi and aspacted by the strong Jupiter from the lagna, venus also placed in strong position in kona, Due to shining of Jupiter evils of Mars got removed , There was no passion , anger and aggression was involved in Ramji's married life, Understaing , love and respect for each other will always be an example for everyone till this earth is present.

As I stated earlier 12th house deals in pleasure of bed (thru marrige) and that is aspacted by debilitated Rahu he could not enjoy peace of married life, immediate after getting married he was sent to vanvas and after all those episode of ravana started. Even after everything he could enjoy the peace of married life.
