Study on Delay in MARRIAGES

MARRIAGE

Vivah or Marriage is a ceremony where a Boy and a Girl bound in Partnership to live life together, They accept each other physically and mentally. This union is not only important for their individual pleasure, satisfaction and growth even this is equally important for family, society, country and human community because this reproduces further generations. Ceremonies for Marriages can be different which may depend on community of native where he/she lives in, but their mutual agreement to accept each other is sufficient to bound them.

Among the eight types of marriages which are described in Hindu Shastra, Brahma Vivah is most acceptable and common type of Vivah in modern days, and even this is understood as the best kind of Vivah or marriage because here Parents of boy or Girl search for a good and educated (at least knowledgeable of one Veda) match, after acceptance of match and his parents they perform Vedic marriage in between the social gathering. This concept marriage is mainly accepted by the intellectuals (That's why it is known as Brahma Vivah).

Everybody waits impatiently for their children to grow and marry them timely but it doesn't happen always, some time marriages get fails or that area becomes a burden for the native and his parents, sufferings become more panic when marriages get delayed from the proper age of marriage. This doesn't give punishment to native only but this is more panic for the parents.

Astrology behind Delay in Marriages :

First we discuss the planets or house of an individual horoscope which plays an important role in fixing up a marriage or giving timely marriage. Readers note here we are discussing only about the reason behind delays in marriages not about the length or quality of the marriages.

This analysis can be bitter difficult to understand for all those reader who are not used to with astrology but regular reading of this can help them to understand this paper which may enable them remove hurdles in marriages of their daughters or sons.

1. **Jupiter** - A Responsible planet for giving peace of married life. A well Placed and strong Jupiter gives timely marriage and bless the native to enjoy a good married life. He is considered as a significator of husband in female horoscope. Jupiter aspected by or conjoined with the melafic planets such as rahu, Saturn or mars is considered cursed (Shappit) which creates delay in its results.
2. **Venus** - Significator for Marriage /Spouse and love in one's life and controller of 7th house. Venus basically deals in romance, pleasure thru wife, love and happiness from wife so more stronger and well placed venus in horoscope gives more and more happiness in married life.
3. **7th house and Lord of 7th house of the Horoscope** - 7th House and his Lord deals in marriage and spouse, his position is considered important in timely marriages. Melafic aspect on 7th house or any connection of his lord with melafics (rahu, saturn or ketu) gives delay or disturbances in marriage.
4. **UL (Upapada Lagna)** - This is nothing but one of the 12 house of the horoscope, known as Image or Arudha of 12th house, Counted by a specific method. He deals in quality of marriage.
5. **Darakarak** - This is again a planet of smallest longitude of individual horoscope who is known as temporary karak of spouse.

6. **9th House and Lord of 9th house of the Horoscope** - In my opinion ninth house and his lord of any horoscope should be taken as main pillar of the chart. I feel not only in marriage , all the important areas of the life are controlled by this. You take any area start from journeys, Father, higher studies , Dharma or to Marriage , all are controlled by 9th house. Any melafic effect on this or on lord of this may gives delay in marriage.
7. **Sun** - Significator of Dharma and controller of 9th house - Sun is the primary karaka of dharma hence understood as controller of 9th house , Any affliction on this by rahu (**Accrding to old mythological stories on planets A Demon who is a cause behind the eclipse of sun , Saturn who is illegal son of Sun from his wife Chhaya who harms the image of the sun**) or Saturn becomes the reason of distruction of dharma which gives delays in the marriage. Reader should note that here Saturn is karaka for 12th house (House of losses) so his connection with sun may becomes loss of dharma.

Now we discuss on the combination and the planets who obstructs the performance of these planets and disallow one to get marry timely. These combinations are nothing but kind of curses , formed due to sins of past birth.

1. **Ketu** - He is a mokshakari planet , considered as a Sanyasi who is detached from the material world, Its connection with house of marriage or lord of that keeps the person away from the marriage.
2. **Rahu** - Rahu is considered worst melafic planet, he deals in theft and cheats. His aspact or conjunction with any planet causes the obstructions in fruits of that planet thru cheats and shocks, for example Conjunction of Venus or 7th house lord with Rahu may gives shocks to native through marriage.
3. **Saturn** - A Planet responsible for giving punishments of past sins. Being a planet of long distance Saturn has nature to move slow, Saturn has nature for delaying the things or results. Any connection of Saturn with 7th house or his lord creates delays in marriages.
4. **12th House and Lord of 12th House** - 12th house of horoscope is known as 'Vyay - Bhava' i.e. house of loss , deals in any kind of loss, delays and

Year 2007 Guru is transiting over the 8th house of her chart and aspecting her 12th house and giving relief from the Saturn and Rahu , I was assured that she will marry in this year only, After performing some important remedial measures she got a good proposal and got married.
